Short Courses Planned At Three County Points

The months of January and February are comparatively inactive on the rural scene and many farmers of this area take time to review the previous year's operation and partake in the related subjects found at the three Agricultural Short Courses being held. These are presently being planned by local District Agriculturist Clarence Roth, through the Provincial Department of Agriculture.

Dates set for the courses are, Lomond, Feb. 10; Vulcan, Feb. 11 and Arrowwood, Feb. 13 and 14. Both sides of the farm family participate in the programs with separate afternoon sessions being held for the ladies. Subjects related to agriculture on which information is not always readily available, will be on the agenda and government research men and other authorities in specialized fields will be featured. A full program of events will be published at a later date.

At the Lomond Short Course such subjects as Father and Son Agreements, Fuels, Oils and Additives; Corral Planning and Livestock Handling Equipment; Wintering a Cow -Calf Herd, will be dealt with by the men.

In the afternoon ladies will hear local baker Fred deJong speak on cake decoration along with information on new fabrics by a Home Economist, and a study of gardening and Horticulture.

The Vulcan Short Course is tied in with the Annual Meeting Luncheon of the sponsoring Vulcan District Chamber of Commerce which is held on the 11th. Rudy Kotkas, County Assessor will discuss housing and its ramifications and an Edmonton representative of PFRA will go into the subject of ARDA and its applications. Farm safety will be outlined by officials of Calgary Power Ltd., and the subject of herbicides will be dealt with by a representative.

The subject Have You Made Your Will, is to be enlarged upon by Vulcan lawyer Angelo Murphy, for the ladies in the afternoon along with another subject, How Green Is Your Thumb. This will be headed by a representative of the Brooks Provincial Horticulture Station. Women's fabrics and clothing will also be featured for discussion.

Among other subjects on the two-day Arrowwood Short Course agenda, are Soil and Feed Testing, Weed Control and Agricultural Machinery Administration along with films of Cuba, taken by Edmonton radio announcer, Bill Harper.

The subject of farm beautification will include information on the effects of location of hedges, shrubs and trees and their effect on wind, around the farmsite.

Four research speakers will attend for detailed discussion on the subject of the Cow-Calf Operation dealing with such matters as the range herd, vitamins and minerals, problems and effectiveness of safe use of systemic organo phosphates in livestock and toxicity of feeds for beef cattle.

Another course of interest to farmers and ranchers of the Arrowwood area is one on Marketing. This will be organized by Mr. Roth and is in four separate sessions; Jan. 21-28 and Feb. 12-18 at the Arrowwood Community Hall. Participants in this course will study various systems of marketing, and gather statistics on livestock production and phases of marketing from the producer through to the plate of the consumer. Through this course the farmer or rancher may be able to understand better, outside problems relating to marketing which should influence his production and to plan his year accordingly.

Junior Hockey Underway At Local Arena

Recent freezing temperatures lately have held ice at the Vulcan arena and a busy schedule of hockey and general skating is being conducted.

Teams from three different age classifications are practicing and staging exhibition games under supervision and sponsorship of the Vulcan District Junior Hockey Association. Rev. Victor Cowell and Bob Johnston are coaching the Peewees, from 8 to 12 years of age and three teams, the Canadians, Maple Leafs and Black Hawks have a schedule running to the middle of February.

Coaching the Bantams (13-14 years) is Harry Stoddard and his club had a big game at Lomond last Saturday when all but one player scored to defeat their hosts. On the Vulcan club are Jerry King, Craig Brown, Steve Lebsack, Lavern Lebsack, Bruce Stoddard, Donnie Dumka, Larry Degestein, David Warren, Allan Lebsack, Robbie Ness.

The eldest team, 15 to 16 years, is coached by Ray Moore, has had two games against Champion and was defeated both times.

Among others who have gone down to the rink to help the boys are Bob Gerding, Rev. D. A. Sharpe, Keith Fisher and Wally Franks.

Pentecostal Church Superintendent Is Guest Speaker

The Young People's Rally held in the Vulcan Pentecostal Church last Friday evening was a great success. Young People from Calgary, Turner Valley, Claresholm, Pincher Creek, Lethbridge, Coaldale and Vulcan filled the church.

Different groups of Young People from these churches participated in the service. Rev. Norman Hoshizaki, a Canadian born Japanese, working among his own people in Lethbridge, was the guest speaker. His theme was, "Set your affections on things above." A time of fellowship followed the rally when refreshments were served.

The next rally will be held in the Montgomery Church on Monday, Feb. 10.

Sunday was an unusual day at the Pentecostal Church in Vulcan in both the morning and evening service. In the morning service the Junior Church was featured under the leadership of Mrs. Hale. Mothers and Dads were permitted to look in on this exciting bit of junior activities.

In the evening service the Young People of the church were in complete charge. Specials in songs were featured as well as four of the Young People who each gave a five-minute message on various themes.

Rev. S. R. Tilton, Superintendent of the Pentecostal Churches in Alberta was the guest speaker at Vulcan's Pentecostal Church on Sunday, Jan. 5. His theme was "Why Marvel Ye At This." He spoke on the progress of the Pentecostal work in the Province of Alberta and in the North West Territories.

The Pentecostal Churches throughout the world had the week of Jan. 5-12 as a Universal Week of Prayer. The burden of the churches is for greater spiritual advances in 1964.

One of the first English printed advertisements was a handbill produced by William Caxton in 1480.

Two Species Of Big Game Antlers Wanted

Measurement of horns in connection with the annual big game trophy competition of the Vulcan Fish & Game Association has been pretty well completed but no entries have been received in two categories — Antelope and Whitetail Deer.

Members having antlers of either of these species are asked to take them in to president Glen Dahl at the Central Garage for measuring so they can be entered in the trophy competition.

Hi-C's Active

The Hi-C group has been active during the Christmas holidays. On Sunday, Dec. 22, Vulcan Hi-C's enjoyed a skating party at the Champion rink, as the Vulcan rink was in use.

Monday night the Hi-c group was heard Christmas caroling at the hospital and many homes in Vulcan.

Still Building

Despite the date on the calendar weather conditions have been such that much construction work is being done. As well as downtown business buildings several new homes are in process of construction. Among those are the Bill Turley, Don Jantzie, George Fath, Hugh Hanna and Lundy Findlay residences. True, some have not progressed beyond the excavation work, but others are well on the way to completion. Rumors are that there will be even further new homes built in the spring.

Little Red Hen Adds Variety In Production

The darndest things happen around the supper table.

Last Thursday at the home of local AGT man Paul Guy Belley, his wife Eileen was bolstering a pan of hamburgers with eggs for the evening meal and on cracking one egg, was amazed at finding a second, shell and all, inside.

The second egg has an oblong shell about one-half inch long with a small bulb at one end and apparently contains liquid.

This oddity was taken to District Agriculturist Clarence Roth who termed it a rarity. Many double and even triple yoke eggs can be found but it is not often a complete double, of this kind, occurs.

Anyway, the balance of the egg went into the mixture and onto the Belleys' supper table with no unusual after-effects so it is presumed the contents were just as palatable as any normal egg. The midget is now preserved in a glass jar as a keepsake.

Social Welfare Council Planned

Social welfare matters and the organization of a Social Welfare Council in Vulcan were discussed at a meeting of the Vulcan Ministerial Association held in the Anglican church basement on Wednesday, Jan. 8.

The proposed visit of the Salvation Army Band to Vulcan on Sunday, Feb. 16, led to a decision that the Vulcan churches would co-operate in holding a special service on that day.

Fire Destroys Herronton Barn

(By Herronton Reporter)

About $12,000 damage was done when fire of unknown origin destroyed the Leo Cooke barn in the Herronton district on Friday, Jan. 10. Seven calves lost their lives in the blaze and a tractor, farm loader, milking machine, green feed and grain and many other items were destroyed.

Fire rigs from Blackie and Vulcan responded to the call and confined the blaze to the barn, saving the other out-buildings.

Basketballers Win At Barons

On Jan. 10 the Vulcan County League served as host to the Barons High School basketball teams. The County Central girls won with the score 28 to 26. The County Central boys won with the score 24 to 21. The top scorers were Lorraine Roebuck with 13 points and Donna Williams with 8 points. Other girl point-getters were: Maureen Setters, 4; Rhonda Murdock, 2, and Reta McNiven, 2.

On the boys' team, the top scorers were Bud Cockwill and Dave Collier, both making 8 points. Other point-getters were Emery Ruff with 4 points, Warren Webber and Tom Collier with 2 points.

Donation of $150

Band Association Benefits From Shopper's Day

A total of $150 net proceeds from the Nov. 30 Vulcan Shopper's Day, will be turned over to the Vulcan County Band Association. This was announced at the January supper meeting of the Vulcan Chamber of Commerce. It had been previously agreed proceeds from the Shopper's Day go to the band as an aid to its financing.

A nominating committee made up of vice-president Stu Joiner and Gordon Brown will line up the 1964 slate of officers to be presented at the Chamber's annual luncheon meeting of Feb. 11. Reuben Hamm, well-known TV personality, will be guest speaker at the luncheon, using as his topic "Image Building."

Bill Richardson, who as highway chairman has as his current project the forthcoming highway sign for Vulcan, showed the group the proposed plan regarding its installation. It is hoped that a dividing island can be set up at the entrance to town on which the huge sign can be erected for viewing from both directions. Details of this are being sent to the office of the Provincial Minister of Highways. The entrance road is scheduled to be revamped this year by the Department of Highways. Good co-operation has been received by clubs and other local associations in the sale of advertising planks which will assist in payment of the sign. Those taking either half or a whole plank are the Vulcan Lions Club, Vulcan Lionettes, Vulcan Branch Royal Canadian Legion, Vulcan Elks Lodge, Vulcan and District Fish & Game Association, Vulcan Golf & Country Club, Order of The Royal Purple, Cloverleaf Rebekah Lodge, Vulcan Kinsmen Club, Chamber of Commerce and the Town. Space will also be donated to Vulcan churches. The sign is presently being built by Speedy Signs, Black Diamond.

The local Chamber at its December meeting gave approval for the sponsorship of the Agricultural Short Course to be held at Vulcan on Feb. 11, and the two-day Home Remodelling School on Feb. 25-26. These are events set up by the Alberta Department of Agriculture, through local District Agriculturist, Clarence Roth.

Through Vulcan lawyer and Chamber member, Angelo Murphy, the long road to officially rename the local business group to Vulcan District Chamber of Commerce from Vulcan District Board of Trade is entering its final stages. Mr. Murphy said an incorporation brief had been drawn up and as soon as registration is received, the change will be complete.

Friends of Mrs. Clare Dunham, who has been hospitalized for the past many weeks, both locally and in Calgary, will be pleased to learn that she has sufficiently recovered to leave hospital and is presently a guest at the home of her brother and sister-in-law, Mr. and Mrs. Roy Fulton.

Donations Aid Band Fund

The financial fortunes of the Vulcan County Band Association are still several thousands of dollars from being buoyant but recent contributions are helping in the purchase of instruments and music.

The band's finances have recently been increased by about $530 as a result of the final release of money which was left in the account of the Vulcan Athletic and Cultural Society. This Society once operated in town but has been defunct for some years. A stipulation within the Society was that money in the account be turned over to such an organization as the present band.

The proceeds from the Nov. 30 Vulcan Shopper's Day, amounting to $150, are also being given to the band by the Vulcan District Chamber of Commerce as a means of help from this organization.

Another much appreciated gesture of help has been received from the County Central High School Glee Club whose Christmas Carol Festival was a December event. From its proceeds, $50 was able to be earmarked for the band fund.

Since its organization, the Association has been aided by several substantial personal donations which are greatly assisting the early financing. Additionally, in the junior and senior bands, monthly dues are collected to help pay cost of instruction and music.

An afternoon and evening of band music is to be presented at the High School Auditorium on Sunday, Feb. 16. Arrangements have been made with the Citadel Band of the Salvation Army of Calgary to stage an afternoon concert followed by that band's participation at an evening inter-denominational service of worship.

An interesting weekend is being planned on March 14-15 when members of both local groups will take part in a band workshop at Calgary. Along with members of other city and town junior bands who are under the direction of bandmaster Arthur Dee, a two-day program is being offered to acquaint players with different types of instrumentation, conductors and the experience of playing with musicians from other centres.

In 1946 they moved to East Coulee and Oct. 23, 1954 they retired at Champion, bringing them closer to their daughter, Edith and to the Church of Jesus Christ of Latter Day Saints of which they had been members for 53 years.

Mr. Mullinger's two sisters, Laura Kilby and Emily Mullinger of Holbeach, Lincolnshire, Eng. spent two and a half months this summer visiting them in behalf of their Golden Anniversary.

Mrs. Mullinger's brother, John James Birkin, who will be 90 in 1964, will celebrate his 65th wedding anniversary in May in England.

Many lovely gifts, cards and messages came from near and far.

FAMILY REUNION

A happy family reunion was held at the home of Grandma Ruggles of Champion on Boxing Day when her brother and wife, Mr. and Mrs. Jesse Gray of Prince George, B.C., and her sister and husband, Mr. and Mrs. H. O. Bly of Raymond, Alta., met with members of their families for the day.

Attending the reunion were Mr. and Mrs. Ron Farrow and family, Calgary; Mrs. Lucille Clack, Clandonald; Mr. and Mrs. Ross Ruggles, Mr. and Mrs. Clarence Rhodes, Dorn Ruggles, Champion; Mr. and Mrs. Ed Root, Mr. and Mrs. Glen Root, Mr. and Mrs. Wayne Ruggles, Ernie and Delores, Lomond; Mr. and Mrs. Chas Moore, Sacramento, Calif.; Jack Root, Coleman, and Mr. and Mrs. Robt. Sympathy is extended to the Norman McCord family of Milo and to Mrs. Richard Stokes, on the death of their son and brother last week.

The Girls' Club held a bingo Friday evening with Derwyn Grant winning the main prize, a set of white table lamps.

Mr. and Mrs. Richard Stokes had little Terresa McCord visiting with them recently.

The homemakers short course started last Tuesday at the schools with Miss Margaret McLachlan in charge. There were 17 ladies taking the course.

Mr. and Mrs. Arnold Boe and family motored to Calgary last Saturday, returning home Sunday evening.

Mr. and Mrs. Ross Chambers and family motored to Barons to spend Ukranian Christmas with Mrs. Chambers' parents, Mr. and Mrs. Mike Magella.

The Lomond and Armada boys and girls played basketball in Vulcan on Tuesday evening and in Milo on Friday. They lost all games.

COMMUNITY CLUB

The ladies of the club met at the schools with all members except one present. Mrs. Sis Stokes was hostess. Roll call was answered by bringing a cup and saucer to be used at the schools.

It is planned to have an official opening of the schools after they have been remodelled. Each club member will be able to bring a couple. The hostess and lunch committee are to be informed of guests attending. Showers were also discussed and it was decided that if the mother belongs to the club, an evening shower and dance would be held for the couple, other-wise an afternoon or evening shower would be held with cards, etc.

The next meeting will be held on Feb. 5, with Mildred Lucas as hostess. Roll call will be to give your weight.

Grace Marks held a contest and it was won by Vivian Hann. The tea raffle was won by Sis Stokes. A delicious lunch was served by Amy Stokes and Hazel Beagle, assisted by the hostess, Sis Stokes.

Notes and Comments—

Happenings at the County Central High School are of county-wide interest and, starting this week, a column on CCHS activities will appear in the Advocate every week. Students and teachers are co-operating in the writing of this column.

The town of Olds is experiencing the same water problems that plagued Vulcan a year ago. Production from wells is proving insufficient to meet the demands of the town of 3,000 and a crash program of drilling new wells is meeting with little or no success in finding new water supplies. If five wells now being drilled about five miles from the town do not find water in large quantity Olds will have to build a 14-mile, $400,000 pipeline to the Red Deer River. At Vulcan, final work on the two 20-million-gallon reservoirs adjacent to town will be completed next spring and water shortage here should be a thing of the past.

The progress of curler Ron Northcott's rink in the Masters event at Calgary last week was followed with interest by the former Vulcanite's many friends here. The rink didn't make the finals but got right up to the wire before being eliminated. Top prize of four new cars was won by the formidable Hec Gervais rink from Edmonton in a last rock 8-7 win over Saskatchewan's famous Richardsons.

The newly-formed County of Lethbridge No. 26, amalgamating the Municipal District of Lethbridge and the Lethbridge Rural School Division, will decide in the next three months where its new County office will be located. Picture Butte, Coaldale and Lethbridge are mentioned as possible locations for a new office building. At present the Barons office of the former municipal district and the Lethbridge office of the former school division are still being used. The Sunny South News of Coaldale is the official Lethbridge County newspaper.

BLACKIE

The January meeting of the Blackie Weavers was held at the home of Mrs. Bill Runcie on Tuesday, January 7, with a fairly good attendance. The same officers will hold their positions for another year, namely: Mrs. G. Howden, president; Mrs. H. McLean, vice-president; Mrs. Alfred Suitor, secretary and Mrs. George Lewis, treasurer. The next meeting is to be held at the home of Mrs. R. (Karen) Seney on February 4.

Orville Willoughby was the holder of a perfect hand in cribbage last Sunday when playing the game against his father. He held three fives and the jack of clubs and the five of clubs came up on the cut of the cards. Orville, who has been playing cribbage for four to five years, still had the bad luck to lose the game even though he did get to count the 29 points.

C. M. Suitor and son Ken, accompanied by Mr. and Mrs. Norm Egeland, motored to Leduc last weekend to visit Mr. Suitor's son and daughter-in-law, Mr. and Mrs. Sam Suitor and family. Sam left for Iran the following day.

Mrs. C. Suitor and son Robbie spent the weekend in Medicine Hat at the home of her mother and with other relatives.

In a summary of the year's work and programs of Fairview Rebekah Lodge, it is noted that entertainment was varied and interesting with much credit going to the committee in charge, Mrs. Hec McLean, Mrs. Art Johnston and Mrs. Bill Runcie.

Johnny Southgate started his second year in Motor Mechanics at the Tech school where he will be taking a six weeks course.

Gordon Gieck of the Royal Bank staff spent the weekend at Medicine Hat at the home of his brother and sister-in-law, Mr. and Mrs. Roy Gieck and family.

J. Masse of Calgary was a guest here at the home of his son-in-law and daughter, Mr. and Mrs. Ernie Southgate.

BAND NEWS

(By Lloyd Jones)

After the long holiday it is nice to get back to work again. Band rehearsals are now back in full swing.

We are looking forward to a concert of fine music to be presented by the Calgary Citadel Band of the Salvation Army. The date set for the moment is Feb. 16. This date was confirmed this week by the band. This concert is not being considered as a money-making project, but rather with the thought of presenting the community with an afternoon of good music. That is why we picked a Sunday afternoon.

Also under consideration is a plan to have an inter-denominational church service that evening, at which the band would play and also have a guest speaker from the Salvation Army. The local ministerial association has reacted favorably to the proposal and the evening service is being planned.

It is heartening to be receiving at present, financial help from individuals and groups towards the band fund. Along with the association's chocolate bar campaign, the money has been given by the County Central High School Glee Club, the local Chamber of Commerce and the money held by the former Vulcan Athletic and Cultural Society, has been made available.

On Monday evening, Jan. 27, the County of Vulcan Band Association will hold its first annual meeting, at which time election of officers will take place. The meeting will be held at the Elementary School Auditorium at 8:00 p.m. We want to have the meeting over by 9:00 p.m., so you can watch the senior band at rehearsal until 10:00 p.m.

During the organization period of the bands we have had a tentative slate of officers and we want to now go forward under an annually elected executive. After this annual meeting on Jan. 27, the elected executive will then draw up the proper articles of associations' policy, by-laws, etc. It is important that all band members and interested people throughout the county be in attendance at this meeting.

IS MARKETING IMPORTANT?

For many farmers and ranchers, the marketing system of today is merely something that exists. Most of us understand little about the complex systems that market our grain and livestock.

Then, is marketing important? This question brings to mind the saying "Feeder cattle bought right are half sold". Often this may be true. However, I think this saying helps to emphasize the importance of marketing and our need to understand marketing systems.

Presently the Bow Farm Business Association at Arrowwood is sponsoring a Marketing Course being put on by the Alberta Department of Agriculture. This course is open to all farmers regardless of whether they are members or if they have attended any study group meetings.

The course will be held in the club room of the Arrowwood community hall. The course is composed of a series of four meetings to be held January 21, 28, February 12 and 18. Meeting time is 1:30 p.m.

The course material will cover the entire field of marketing. Some major areas that will be covered are: (a) Marketing Channels— who are the people involved with our product and what job do they perform?; (b) Supply and Demand— how these affect pricing of the commodity that originally left our farm; (c) Livestock Pricing— this should be meaningful to everyone; (d) Market Power— here the discussions will deal with how producers acquire market power through such things as contracts, etc. Contract buying and selling is just one of the topics to be discussed here.

Remember this course is being put on for farmers and ranchers by an organized group of farmers and ranchers who are interested in helping themselves.

See you at the Marketing Course in Arrowwood.

Newspapers are more than purveyors of news; they also have a hand in creating it by digging it out of news sources who don't realize they have a news story.

Vulcan High School Notes

During the past week grade XII students who are planning to enter university have been busy looking over the various university courses and have filled out the necessary forms. The principal will send by registered mail to the universities all applications for students of our school.

The High School has selected a team of three students to represent the school on the TV program called "Students World". This quiz program on current events comes over Channel 2 on Sunday afternoons. The team consists of Edna Sanderson, Sam Burger and Clarence Graff. We know these students will do their best to win on Sunday, January 19.

During the Christmas recess, many former students "dropped in" to say hello. They seem to be enjoying their studies at the various universities, technical schools, nursing schools and business colleges. It was a pleasure to visit with them and to learn that they are doing well.

Several curlers from County Central High School participated in the Lethbridge High School bonspiel.

The two drama classes are busy learning lines for new plays. It is expected that these plays will be staged in March.

The Southern Alberta Drama Festival will be held in the Vulcan High School in March. Several schools from southern Alberta will have entries here. Mark your calendars for March 13 and 14. Come to one or more of the sessions and you will see some very good productions and hear wonderful adjudications.

Some students and teachers will participate in a Drama Workshop in Lethbridge, on February 7, 8 and 9.

Teachers are attempting always to improve their qualifications and to get new ideas. Within the next two months members of our staff will be spending extra time at various seminars. Some will attend the Social Studies Council in Lethbridge, on January 25; others will enjoy a Science Seminar in Calgary, on January 11, 18 and 25; still others will be at an Administration Seminar on March 13 and 14.

Also, several teachers are busy every Saturday morning studying a university course in English held at the County Central High School.

On January 10, the County Central basketball teams held a noon-hour rally in the gymnasium. The players and coaches (Miss Dixie Jackson and R. Whitehead) were introduced individually. D. Ockey then led in the dance "The Hokey Pokey". Students completed the hour of fun, dancing to records.

There will be a "Sock-Hop" on January 17. The Valentine Ball will be held on February 14. The dress is semi-formal. Eugene Carruthers, students' union president, says all parents have a "standing invitation" to all of our functions.

C.W.L. MEETING

The CWL met at the home of Mrs. J. Letal on Monday evening, Jan. 6. Vice-president Mrs. Kryzanowski chaired the meeting. Owing to the absence of Father Marien, Mrs. Kryzanowski opened the meeting with the League Prayer. Very few of the ladies were able to answer roll call — What Christ-like Word or Deed was observed during the Christmas season — although the secretary had noticed an increased number of Christmas cribs in homes and business places.

Interesting articles were read on "Incidents in the life of Pope Paul VI," many of these centered on Pope Paul's recent visit to the Holy Land. The ladies were reminded to take part in the Rosary which is recited over CFAC Sunday evenings at 9:15 p.m.

Plans were discussed this year for a Mother and Son Banquet, instead of the usual father and son banquet. The date of this event is set for March 4.

CHRISTMAS IN CALIFORNIA

Misses Marilyn and Verna Baldwin and Shirley Burns spent their Christmas holidays as house guests at the home of Doctor and Mrs. Hwozdecki while they were in California. It is understood the girls really did a good job of house and animal sitting while the family was gone and enjoyed the independence and fun of batching together.

Dr. and Mrs. Roman Hwozdecki and son Michael, nephew Roman Pawluk have returned from a two-week motor trip to California. They visited many points of interest including Disneyland, Los Angeles, Long Beach, San Bernardino, Hollywood, Beverly Hills and Las Vegas, Nevada. They spent Christmas touring Disneyland. They met Mr. and Mrs. Ray Flitton and family there and spent Christmas Eve visiting them.

The highlight of the trip for Michael was picking oranges and swimming on Christmas Day and the parade of toys at Disneyland was a real thrill. It was the first time the family had been to that part of the United States and it was quite an experience to visit Disneyland.

Dr. Hwozdecki and his nephew enjoyed golfing in 75 degree temperature in December. They all had a good holiday but say they are glad to be back and would much prefer a white Christmas next year.

"Natural gas costs less in Alberta"

"I know, because I've had the chance to compare. I've lived in several provinces, and my fuel bills here are definitely lower."

The reasons your fuel bill is lower in Alberta are these: lower transmission costs – careful planning – and efficient operation. These three factors are why Canadian Western Natural Gas has for fifty years, been able to provide 84 Alberta communities with the best possible gas service at the lowest possible cost.
